Strategic Intent (towards 2025)

The Perth College Strategic Intent (towards 2025) aims to build on all that has been achieved through the rich history of the School throughout the many years.

As part of this, it is envisaged that the future of education is shifting, and as such, so too is the future of Perth College as it aspires to be proactive and responsive ensuring the growth of exciting new programs, structures, partnerships, experiences and opportunities for the students and the community.

Our Strategic Intent and the associated Perth College Operational Plan will respect those practices, processes and structures that continue to serve the School well, whilst also being responsive to new and exciting opportunities.

Vision

Perth College girls: Remarkable Women
Perth College women shape their own futures and positively influence society.

Purpose

We actively pursue and embrace new approaches and world-class educational excellence within an inclusive and vibrant community.

Values

Capable: pursuing learning and excellence, whilst striving to fulfil our potential with confidence and resourcefulness.

Courageous: embracing and navigating challenges with strength, purpose and resilience.

Caring: living generously, valuing relationships and contributing to our community with integrity, respect and compassion.
